Vision Statement

It is the vision of the Racine Unified School District that athletics are an educational tool that encourages all student-athletes to make positive decisions and be engaged in school.

RUSD Athletics - Mission Statement

The athletic programs in the Racine Unified School District (RUSD) are an integral part of the North Star goals. It is a privilege for student athletes to participate in these programs, which are intended to enrich learning and improve/increase engagement in their school, community and fellow student athletes. Athletics also assist in the physical, social and emotional development of student athletes. Additionally, athletics provide opportunities for student-athletes to become their own advocates and work with coaches to set goals, overcome adversity, and work cooperatively to make experiences rewarding.

It is the position of the Racine Unified School District that the involvement in educational-based athletics is a privilege, not a right, with accompanying responsibilities and expectations. When a student-athlete participates in athletics they are expected to understand and abide by the rules and regulations as outlined by the RUSD and the WIAA. “KNOW THE CODE”. "KNOW THE CODE"
I. Categories of Participation

For purposes of establishing equitable standards to apply to the athletics offered to student-athletes at Racine Unified School District, the categories of participation are defined as follows:

- Interscholastic Athletic Teams
- Cheerleading
- Pom Pons

II. Requirements to Participate

As a student-athlete, you are not eligible to participate until the following items have been completed and are on file in the Activities Office:

- Practice Permit (Issued by the Activities Office)
- Yellow Athletes Emergency Card
- WIAA Physical or Alternate Year Card
- Concussion Agreement
- RUSD User Fee as set by School Board
- Insurance waiver
  All athletes are required to provide proof of insurance. For families without insurance, RUSD offers insurance for purchase. Please see your Activities Office.
- All outstanding athletic equipment returned or paid for.
- Parent/Athlete Rules of Eligibility Sign-Off (back side of physical or alternate card)

III. Student-Athlete Responsibilities

- Comply with Racine Unified School District Athletic Code of Conduct. The student-athlete is responsible to review this policy. The student-athlete and parent/guardian will sign off that they have read, have knowledge of, understand, and agree to the policies in the Athletic Code of Conduct.
- Meet academic standards of eligibility.
- Follow guidelines established by the advisor or coach.
- Meet expectations of all classes on a daily basis unless otherwise excused.
- Comply with RUSD Rules of Eligibility.
- Comply with WIAA Rules of Eligibility that includes, but is not limited to, the following language on undue influence:
  "No eligibility will be granted for a student-athlete whose attendance at a school has been the result of undue influence (special consideration due to athletic ability or potential) on the part of any person, whether or not connected with the school".
- Abstain from using any banned performance enhancing drugs (PED's)
ATTENDANCE:
Student-athletes are expected to be in school, on time, and attending all classes.

- Coaches will monitor the student-athlete’s attendance daily and may request a weekly attendance report from the Activities Office, during their sport seasons. Coaches will address any periods of unexcused absence/truancy with the student-athlete. It is the student-athlete’s responsibility to follow up with their attendance office immediately if an unexcused absence/truancy is believed to be in error. Unexcused absences/truancies that remain on the student-athlete’s attendance record after five (5) school days will carry the following penalty: **One (1) block or more of truancy in one (1) school day will result in a one (1) game suspension.** This suspension will occur on the next available contest following the five (5) school days.

- Student-athletes may not participate in any extracurricular activity - including practice - during/after school on the same day of a full day absence, whether excused or unexcused, unless arrangements are made with the Athletic Director or building administrator before the absence.

- Student-athletes must be in attendance at least one-half of the day of a contest. In extreme emergencies, when an absence extends beyond one-half of the day, student-athletes may request a clearance to participate from his/her Athletic Director or building administrator.

- **Student-Athletes Enrolled In Virtual Options** - Virtual courses are not designed with the idea that the student must be in the same chair at the same hour each day. The online mentor teacher who is located in the student's home school is responsible for utilizing Infinite Campus and keep the student's virtual learning contract to address student attendance.

IV. Parent/Athlete/Coach Expectations and Communications

Parenting and coaching are extremely challenging vocations. By establishing and understanding of each other’s expectations, we are better able to accept the actions of both parties and provide greater benefits to the student-athlete. When a child becomes involved in an interscholastic sport, parents and coaches have a right to understand what expectations are going to be placed on the athlete and on each other. This begins with clear communication from the athlete, parent, Coach, and Activities Office.
Communications That Parents/Athletes Should Expect From Coaches:

- The expectations the coaches have for all their team members.
- Location and times of all practices.
- Team requirements, fees, special equipment, game dress, and off-season opportunities.
- The team policy dealing with excused and unexcused absences. (What will the consequence be for missing a practice/game because of vacation, etc.?)
- The RUSD and WIAA requirements for eligibility.
- Teams rules beyond the RUSD Athletic Code.
- The lettering requirements.
- Cut policies (if cuts need to be made)
- The coaches act as a role model for good sportsmanship, by their use of appropriate language, promoting a healthy environment, and safe teaching techniques.
- Well-planned practices.
- A resource for college opportunities.
- Encourage student-athletes to meet all requirements for participation and submit them to the Activities Office in a timely manner.

Expectations/Communications Coaches Should Expect From the Athlete and Parents:

- Actively seek out information regarding start dates for each sports season.
- Ensure all requirements for participation are met and submitted in a timely manner.
- Understand that by your child participating in sports, you as a parent/guardian are assuming an assumption of risk to injury and/or death.
- Notify coaching staff of any schedule conflicts that may occur, well in advance of the date.
- Special concerns regarding coaching expectations. (Practice requirements, etc.)
- Support for the RUSD Athletic Code and all team rules.
- Support all team members and coaching staff. (Team comes first)
- Positive support at games for their son/daughter, their teammates, and coaching staff.
- Exhibit good sportsmanship and appropriate language by the athlete and parents at games and/or practices.
- A great work ethic and attitude at practice and in games. If the athlete has a concern, please see the coach ASAP to talk about the issue at hand.
- Parents should not expect to meet with a coach before or after a game to communicate concerns. Any meeting with a coach is to be scheduled in advance.

Sportsmanship

Athletic programs within our school(s) have earned an outstanding reputation in the area of academics and community sportsmanship. Our athletes and fans have always conducted themselves in a commendable manner. Everyone is very proud of this reputation and works hard at upholding it. Please review the following suggestions for future consideration:

- A spectator represents the school the same as an athlete.
● The good name of the school is more valuable than any game won by unfair play.
● Accept decisions of officials without any dispute.
● Recognize and show appreciation of fine play and good sportsmanship on the part of the opponent.
● Respect the game management at all times as they are there for everyone’s safety.
● If you choose not to use good sportsmanship you will forfeit your right to be in attendance and will be asked to leave.

Appropriate concerns Athlete/Parent May address with Coaching Staff:

● The treatment of the athlete mentally and physically.
● Ways to help their son/daughter mentally and physically.
● Concerns about the athletes’ behavior in school/practices/games.

Inappropriate concerns for Parents to discuss with Coaches:

● An individual’s playing time.
● Team Philosophy/Strategy.
● Play selections.
● The make-up of the team and the decision as to who plays on what team.
● Other members of the team, other parents, and other coaches, unless it affects the welfare or safety of the student athlete.

Process of Resolving Athletic Concerns

Student-athlete/parental concerns must be addressed by using the following order of communication:

● Communication with coaching staff
● Activities Director
● Directing Principal
● Deputy Superintendent
● Superintendent of Schools
**V. Application of the Handbook/Code of Conduct**

**THIS HANDBOOK/CODE IS IN EFFECT TWELVE (12) MONTHS A YEAR**

The Parent/Athlete Handbook & Code of Conduct will be in effect for each student-athlete for their entire athletic career, at all times (including summer), in all locations, including non-school activities, from the date of his/her signature on the Parent-Athlete Rules of Eligibility Form in the back of this Codebook.

Conduct violations will result in penalties, which are consistent with those identified within this code, as determined by the Board of Education, Superintendent of Schools, Area Superintendents, Directing Principals, Athletic Directors, and Coaches in RUSD.

Each coach also has the prerogative to establish and implement additional guidelines (team policies) specific to his/her particular team. These additional guidelines cannot supersede the rules and consequences established in the Code.

All LEVEL II-LEVEL V violations of the Code will be progressive and cumulative beginning with a student-athlete’s initial participation in a sports

**VI. Conduct Violations & Suspensions**

When a Code violation occurs, the Head Coach, Coach in charge, Sub-school Principal, or the Directing Principal has/have the obligation, individually/collectively, to issue a formal suspension through the athletic director, verbally or in writing. Suspension takes effect at the time that the verbal notification is given to the student-athlete or written notification is mailed to his/her address of record, whichever is first. NOTE: In most cases, a guardian has the same rights and responsibilities as a parent.

**Conduct Unbecoming of an Athlete**

- Any conduct or acts which are generally considered to be unbecoming of a participant representing his/her school, (which includes, but is not limited to, criminal behavior, hazing, bullying/cyber bullying or possession or distribution of inappropriate/indecent digital images) will be penalized on the tiered suspension levels listed below (LEVEL II-LEVEL V). Upon investigation, the Athletic Director will determine the appropriate level of disciplinary action.

  - **Hazing:**
    Wisconsin Anti-Hazing Law
    948.51 Hazing

    (1) In this section “forced activity” means any activity which is a condition of initiation or admission into or affiliation with an organization, regardless of a student’s willingness to participate in the activity.
(2) No person may intentionally or recklessly engage in acts which endanger the physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating in connection with a school, college or university. Under those circumstances, prohibited acts may include any brutality of a physical nature, such as whipping, beating, branding, forced consumption of any food, liquor, drug or other substance, forced confinement or any other forced activity which endangers the physical health or safety of the student.

(3) Whoever violates sub. (2) is guilty of:
(a) A Class A misdemeanor if the act results in or is likely to result in bodily harm to another.
(b) A Class E felony if the act results in great bodily harm or death to another.

RUSD coaches will not permit, nor will RUSD student-athlete’s stage, any type of “initiation ceremony” or hazing for athletes at any time and at any level. This prohibition includes any athlete giving other athletes haircuts, shaving other athletes, locker/shower pranks, etc. Any acts of hazing should be reported to the Athletic Director for investigation and appropriate disciplinary action. (Hazing violations could also result in a team forfeiture of contests.)

○ Use of Social Media (E-mail, Facebook, Twitter, SnapChat, etc.):
  ▪ Bullying: Social media bullying is very serious and may be considered a crime. RUSD Athletics strives to provide a safe, positive learning climate for student-athletes in the schools. Therefore, it shall be the policy of RUSD to maintain an educational environment in which cyber bullying in any form is not tolerated and is strictly prohibited. Any acts of cyber bullying should be reported to the Athletic Director for investigation and appropriate disciplinary action.
  ▪ Evidence: Any identifiable image, photo or video that implicates a student athlete to have been in possession or presence of drugs or alcohol, portrays use of drugs or alcohol, shows conduct unbecoming of an athlete or a crime, can be used to establish a violation of the Code of Conduct.

**Tiered Suspension Levels:**

**LEVEL 1**
- Any behavior that results in a full day of in-school suspension (ISS) during the season of participation will result in a one (1) contest/competition/performance suspension. This penalty must be served on the NEXT contest.
• Minor misconduct/misbehavior and/or failure to follow school rules that results in an out of school suspension during the season of participation will result in a one (1) contest/competition/performance suspension. This penalty must be served on the NEXT contest once the student returns from suspension.

**NOTE**: FOR ALL LEVEL 2 - LEVEL 5 Conduct Violations & Suspensions:

• If the suspension occurs out of season, the suspension will carry over to the next available season of participation.

• Any remaining number of contests of the suspension not served during the regular season, not including post-season, of the activity will be applied at the beginning of the next sport season in which the student-athlete participates.

• A participant, who is ineligible for the first contest of WIAA post-season play, will remain ineligible for the remainder of post-season play.

• If the participant in violation chooses not to complete the season, the assigned penalty will not have been officially served. The student-athlete athlete must complete the next season in good standing to regain eligibility.

**LEVEL 2**
All LEVEL 2 penalties carry a 25% of current/upcoming season’s contests, limited to four (4) total occurrences. This penalty must be served on the NEXT contest once the student returns from suspension.

• Gross misconduct: Includes, but is not limited to: Out of school suspensions defined as trespassing, physical/verbal/sexual assault or abuse, disorderly conduct, fighting, possession of/use of inappropriate/hazardous/indecent materials, dangerous community behavior affecting the school, gang related activities, theft, vandalism, inappropriate or obscene materials in locker, fire regulations, gambling and possession of a weapon (If expulsion is given for a weapons violation, the athletic suspension would then move to a LEVEL 4.).

 o 1st AOD Offense – 50% of current/upcoming seasons contests.

 o 2nd AOD Offense – Student-athlete will not be allowed to participate for the remainder of his/her high school career. The student-athlete may request an appeal for reinstatement after one (1) calendar year.

- If a student-athlete out on expulsion is given an early reinstatement athletic eligibility will be determined 50% suspension from next participating sport.

**LEVEL 5 – Extreme Violations**
- Felony charge and/or conviction.

Student-athlete will not be allowed to participate for the remainder of his/her high school career. The student-athlete may request an appeal for reinstatement after one (1) calendar year.

VII. Appeals & Reinstatement

Requesting an Appeal:
Athletic suspensions based on In-School and Out-of-School suspensions may **not** use the Athletic Appeals Process.

For suspensions not based on In-School or Out-of-School suspensions, a participant and/or the parent(s) or guardians may appeal, if they can provide significant evidence that the facts of the case are in question.

A written request for an appeal hearing must be made to the Athletic Director within five (5) consecutive school days from the date of the suspension letter. The letter must include the statements of evidence on which the appeal is based. The participant remains on suspension during the appeal process.

Requesting a Reinstatement:
Athletes who received a LEVEL 4 or 5 penalty are eligible to appeal for a reinstatement hearing after one (1) calendar year from the date of the athletic suspension by providing a written request for an appeal hearing to the Athletic Director. The participant remains on suspension during the appeal process.

The Appeals/Reinstatement Committee:
The Appeals/Reinstatement Committee will meet to hear the appeal within ten (10) consecutive school days of the request. The Appeals/Reinstatement Committee will be made up of the following individuals from the involved school:
- The Athletic Director will be chairperson and will have no vote.
- One (1) administrator not involved in the case.
- Four (4) professionally certified district employees selected by the Athletic Director.

Appeal/Reinstatement Hearing Procedures:
Participants must be present and represented by their parent/guardian or student advocate.

The chairperson will review the procedures to be followed during the hearing and answer any questions that will clarify those procedures.

The Athletic Director who issued the suspension will give:
- The specific charges against the participant in written form.
- A summary of the overall situation and details of the incident using witnesses if needed to substantiate the violation.
- The nature of the disciplinary measures taken as a result of the violation.
  - FOR REINSTATMENTS ONLY: Athletic Director will provide attendance and discipline reports from the course of the year the athlete was on disciplinary suspension. (NOTE: These reports will be factored into the determination of future eligibility.)
The participant or his/her representative(s) may ask questions and/or present his/her involvement in the incident using witnesses, to bring out facts, clarify points of dispute and/or to serve as a defense.

The Appeals/Reinstatement Committee members may ask questions necessary to bring out facts or clarify points of dispute.

Each party will summarize his/her position for members of the Appeals/Reinstatement Committee.

**Appeals/Reinstatement Decisions:**

Within five (5) consecutive school days of the hearing, a decision will be made regarding the appeal/reinstatement. This decision will be determined by a simple majority of the five (5) voting members of the Appeals/Reinstatement Committee. It will be the responsibility of the Chairperson to inform the participant of the decision. **NOTE: A taped transcript of the appeal/Reinstatement hearing will be made as a record of the proceedings.**

**THE DECISION OF THE APPEALS/REINSTATEMENT COMMITTEE WILL BE FINAL.**

**VIII. Athletic Awards System**

Student-athletes who participate have an opportunity to earn athletic awards. In order to earn awards, the student-athlete is required to complete their season in good standing, which is determined by the coach. Listed below are the awards that student-athletes are eligible to earn:

- 9th Grade – Numerals
- 10th Grade – Patch
- 11th Grade – Initials
- **LETTERING**
  9th -12th Grade student-athletes are eligible to earn a varsity letter in their sport by meeting the requirements set forth by the coach in their team policies. Once a student-athlete earns a varsity letter, they will be given a chevron for every subsequent letter they earn.

- Scholar Athlete Medals:
  Scholar-Athletes are determined by the Activities Office, and given to student-athletes based on their G.P.A. from the most recent grading period. A student-athlete must earn a 3.5 G.P.A. during that grading period to qualify for this award.
IX. Academic Eligibility for Student-Athletes

A student-athlete must meet school and DPI requirements defining a full-time student and have received no more than one failing grade (including incompletes) in the most recent grade-reporting period. The RUSD Athletic Administration will determine a mutually agreed upon date for the grade checks.

- A student-athlete who becomes academically ineligible may regain eligibility on the 16th scheduled school day by meeting the academic standard, following a period of 15 scheduled school days and nights of ineligibility.

- A student-athlete regains eligibility immediately if incompletes are made up within two weeks after a grade-reporting period.

- A student-athlete may erase ineligibility status related to the last grade-reporting period of the school year through summer school courses in any discipline (including correspondence courses) at the same or some other school, provided that he/she successfully completes not less than the same number of courses, which caused ineligibility.

- The student-athlete who continues to be academically ineligible following the 15-day grade check will be ineligible for the remainder of the sport season or until the next grading period if there is one available during that sport. The student-athlete may still participate in practice during the period of ineligibility.

- A student-athlete who is enrolled in some courses in a university/college or technical college or some similar institution, must receive high school credit which meets the academic standard or have a notation made on his/her high school transcript that he/she successfully met the equivalent of the academic standard between the two schools involved. (Note: A student-athlete who has been assigned to a technical college by the school district is exempt from the provision requiring physical attendance at least one course each day, provided such a student-athlete continues being carried on the attendance rolls for purposes of state aid.)

- A student-athlete who is enrolled in any state-approved EEN program and receives no grades for such courses may be eligible if he/she is making satisfactory progress in his/her total school program as indicated by his/her IEP.

- **Student-Athletes Enrolled In Virtual Options** The mentor teacher has the capability of sending weekly progress reports to coaches, parents and administrators. The Pace Chart establishes the number of assignments that must be completed daily, weekly, and monthly throughout the semester course.
The ineligibility status described in section IX., Academic Eligibility, will be adjusted as follows for student-athletes in fall sports, in which the date of the earliest allowed competition is before the first day student-athletes are in class:

- **Fall Sports** – The minimum ineligibility period shall be the lesser of:
  1. Twenty one (21) calendar days beginning with the date of earliest allowed competition in a sport. **or**
  2. One-third of the maximum number of games/meets allowed in a sport (rounded up if one-third results in a fraction).

- A student-athlete must maintain enough credits to be “on pace to graduate” in order to acquire eligibility for each sports season. This eligibility requirement will begin with the graduating class of 2020. The credit requirements are as follows:
  - A sophomore must have 5 credits in the fall to be eligible to play and 8 credits after the 3rd semester for spring sports.
  - A junior must have 11 credits in the fall to be eligible to play and 14 credits after the 5th semester for spring sports.
  - A senior must have 18 credits in the fall to be eligible to play and 22 credits after the 7th semester for spring sports.

Grade checks are based upon quarter grades from the most recent quarter/semester finished to determine a student-athlete’s eligibility when the permit is issued.

The Student-Athlete Code of Conduct is in effect for twelve (12) months a year. You are bound by the Code for your entire athletic career. Athletes must refrain from any conduct or acts which are considered unbecoming of an athlete at all times (including summer), in all locations, including non-school activities.
